## 01 • BRAND

# Foundation

Mission, pillars, voice, and audiences. Every decision on every other page answers to this one.

## Mission

"Democratize access to high-quality education for every Bengali learner — from Dhaka to Sundarbans, from Class 6 to career."

— SHIKHO BRAND PRINCIPLE 01

## Brand pillars

Every screen should feel like at least two of these three, visibly.

### Trusted & credible

Reassuring expert — experienced teachers, real results. Indigo does the heavy lifting.

### Warm & human

Built in Bangla, for Bangladesh. Rounded letterforms, generous radii, celebratory color.

### Ambitious & winning

Obsess over outcomes — GPA 5, admission, scholarships. Ul cheers the student on.

## Voice

Write like a senior sibling who's been there — not a textbook.

### WE DO

- Speak Bangla first, English second. Mix naturally.
- Use the learner's own words: "বাবা", "পপ্পি", "GPA 5", "কোর্স".
- Name specific outcomes — "১৬৩৯৯ অতিক্রম করা".
- Celebrate the learner. They are the hero; we are the coach.
- Short sentences. Verbs do the work.

### WE DON'T

- Corporate filler: "empower", "solutions", "ecosystem".
- Fear-sell. Confidence > pressure.
- Over-translate. Leave "SSC", "HSC", "MCQ" as-is.
- Emoji spam. One purposeful icon beats three emoji.
- Talk down. Sundarbans learners are as smart as Dhaka's.

## Audiences

Three readers. Same brand, different register.

## 01 • PRIMARY

### The learner (6–12)

Age 12–19. Mobile-first, Bangla-first, 3G-capable. Pragmatic,

## 02 • PAYER

### The parent

Pays via bKash. Wants proof: teachers, results, clarity. Tone tilts formal.

## 03 • INTERNAL

### Teachers & admins

Dense desktop tooling — still rounded & friendly, but information-dense.

02 • COLOR

# The Shikho palette

Four colors sampled directly from the bird-mark. Indigo is the workhorse — 70% of any screen. Magenta, sunrise, and coral for moments that matter. Never mix all four on one surface.

## BRAND CORE

These four hues must remain exact. They're the bird.

## SEMANTIC

Functional color. Always paired with an icon and text — never rely on hue alone.

03 • TYPE

# Poppins & Hind Siliguri

A rounded, humanist pair. Poppins drives display & English UI. Hind Siliguri carries our primary language, Bangla. Both share geometric warmth, so switching mid-sentence feels seamless.

# The Shikho bird

A songbird mid-call, built from four overlapping facets: magenta wing, sunrise head, indigo body, coral beak. The wordmark is a custom rounded sans — never swap it for Poppins.

## PRIMARY MARK

Primary · on paper

On indigo · white knockout

On magenta · white knockout

## IN CONTEXT

### App icon

Paper plate on indigo

### Site header

Left-aligned · 36px height

### Social tile

Sunrise-100 + indigo

## DO & DON'T

### DO

- Use the original PNG/SVG — never recreate the bird.
- On dark backgrounds, switch to the all-white knockout.
- Reserve clear space = height of "k" on all four sides.
- Place on indigo, paper, sunrise-100, or magenta.
- Scale proportionally. Bird & wordmark move together.
- For favicons, isolate just the bird head on indigo circle.

### DON'T

- Don't recolor the full-color mark — four hues are fixed.
- Don't stretch, skew, rotate, or add drop shadows.
- Don't place on busy photos; use an indigo plate.
- Don't add a tagline under the wordmark.
- Don't use the wordmark alone; favicon-only exception.

## ANATOMY

- **Magenta wing** — motion, ambition.
- **Sunrise head** — optimism, a new day of study.
- **Coral beak** — voice, "শিখো" out loud.
- **Indigo body** — trust, the core.
- **Wordmark** — custom rounded sans, all-lowercase.
